

Corning Equivalent Closet Connector Housing Panel

Adapter Plates

Corning Cable Systems Closet Connector Housing Panels (CCH-CP) are offered in a variety of fiber counts for use with LANscape Solutions hardware products for a “one-size-fits-all” approach. Used with factory-installed or field-installable connectors, these panels provide interconnect or cross-connect capability in a housing at main cross-connections, intermediate cross-connections, telecommunication rooms or work areas. Available with a variety of industry-standard adapter types, the CCH-CP provides an efficient way to securely mate two connectors and offers multimode and single-mode applications.

Key Features

- Unique design works with Corning Closet Connector Housing panel enclosures 1U, 2U, 4U, and 5U enclosures.
- Using Corning Closet Connector Housing style plates allows use of up to twelve plates or modules (even equal LC's) in a 3U enclosure.
